Forecast for Saturday 10 Jul 2021

Weather: Many ranges dry in the morning. Some low cloud around in the morning period, leading to some extensive hill fog in the east of the area. Bright in the afternoon with some sunshine, the best of this across western coastal ranges. A few heavy showers are expected across the Trossachs, eastern Argyll and eastern Lochaber but staying generally dry elsewhere. Rather warm and humid in the sunshine.

Chance of cloud free mountain/hill tops above 800m: 70%

Visibility: Areas of low cloud down to 400 metres at first, this dispersing through the morning. Otherwise most summits clear of cloud with good visibility, some hill fog developing above 850 metres in heavy showers in the east.

Forecast for Sunday 11 Jul 2021
Weather: Similar to Saturday. Some low cloud across the Trossachs, Arran and Kintyre until the end of the morning. Otherwise some sunny spells expected by the afternoon with scattered heavy showers developing across the Trossachs and more northern and eastern areas of Argyll, and eastern Lochaber. Staying dry across the southwest.

Maximum wind: Southerly 10 mph

Chance of cloud free mountain/hill tops above 800m: 70%

Visibility: Areas of low cloud across the south of the areas down to 450 metres in the morning, this lifting by lunchtime. Otherwise good visbility with cloud mostly confined to higher summits.

Temperature: **Glens:** Plus 11 rising to 21 Celsius
At 800m: Plus 12 Celsius
Freezing level: Above summits
